# Wall mounted babies change tables

## Our wall mounted babies change table supply history

We have been supplying wall mounted babies change tables / wall attached babies change tables and a range of other childcare equipment throughout Australia for over 40 years since 1969. We are fully Australian owned and deliver throughout Australia and outside Australia.

## Why use a wall mounted babies change table / wall attached babies change table

A wall mounted / wall attached babies change table takes up less space in a room when in use and can be quickly folded back up against the wall when not in use and accordingly not taking up any floor space. The wall mounted / wall attached babies change table is designed for babies change rooms and high use washroom and changing areas. They are also very convenient for family day care and general home use. They are located flat against the wall at a convenient height for changing nappies.

## Hygiene

The wall attached / wall mounted babies change tables have all smooth surfaces & edges making them easy to wipe over quickly as required.

## Safety and cleaning

Because the wall attached babies change tables / wall mounted babies change tables are a permanent fixture on the wall they cannot be knocked over or moved to an otherwise unstable or unsafe location. As they do not take up any floor space they do not interfere with general floor cleaning.

They are also safety compliant with the global safety compliance standards ASTM, ADA, FDA & EN.

## Robust commercial grade quality

The wall attached / wall mounted babies change tables are manufactured with the quality and strength for commercial usage in high usage changing areas.

## Wall attached / wall mounted babies change tables for childcare centres

A wall mounted / wall attached babies change table becomes a permanent fixture on the wall being always at the ready to be used. Both permanent staff and casual staff always know its location to facilitate quick nappy changes when necessary.

## Wall attached / wall mounted babies change tables for hotels and motels

A wall attached / wall mounted babies change table does not take up any floor space in the room and does not take up any room space when not in use. It is clean and neat and is always at the ready to use. It is very convenient as a no maintenance, safe, always at the ready babies change table in washroom and babies changing areas.

## Wall attached / wall mounted babies change tables for hospitals

Wall attached / wall mounted babies change tables are ideal in high usage hospital public changing areas and also for visitor convenience at various locations throughout the hospital.

## Wall attached / wall mounted babies change tables for home units and small living areas

Because a wall attached / wall mounted babies change table does not take up any floor space it is a very convenient addition in a small room where floorspace is at a premium.
